City Updates & Commission Reports

Adjourn

CITY COMMISSION FINANCE MEETING

VALLEY CITY, NORTH DAKOTA

Tuesday, September 15, 2026

Called to Order

President Bishop called the meeting to order at 2:30 pm.

Roll Call

Members Present: President Bishop, Commissioner Gulmon, Commissioner Magnuson, Commissioner Kline, Commissioner Erickson, City Administrator Crawford, City Attorney Martineck, Finance Director Klein

Agenda Items

Recognition: New Employee Brenan Anderson, Public Works.

Operations Super Intendent Klemisch introduced new employee Brenan Anderson.

Review monthly bills/reports.

Finance Director Klein reviewed monthly expenditures.

Update on Viking Trailer Court.

David Wick (Viking Trailer Park Landlord) reports that planned road repairs in the trailer park are nearly finished and clarifies that the park rents land but owns no trailers, while addressing misinformation about drug activity, nuisance tenants, and alleged vermin. Wick explained the community's makeup, ongoing cooperation with police, and significant investments made in infrastructure. Questions from commissioners highlight concerns about rundown trailers, enforcement authority, and non-owner-occupied units. Mr. Wick acknowledges past leniency, notes recent removals and potential fixes, and agrees to work from the city's updated list of properties needing attention. They also explain long road-repair delays caused by earlier expectations of city drainage projects, budget impacts from storm damage to another property, and the private nature of utilities and roads, emphasizing that closing the park would displace 55 families.

Update from VCBC Development Corporation on Business Expansion Strategy with James Leiman.

Jennifer Feist gave a 90-day review of James Leiman, noting strong early progress, including three qualified leads in manufacturing and transportation and continued engagement across key sectors. Will update on progress quarterly with the next presentation to be in Dec 2026.

Discuss Commercial Property Revaluation with Vanguard.

City Assessor Drabus reported that she obtained a quote from Vanguard for a full commercial property revaluation and outlined concerns with current commercial assessments, noting they appear undervalued compared to recent sales. Tina explained limited sales data, the complexity of commercial valuation, and her ongoing annual adjustments. Commissioners discussed fairness in taxation, budget impacts, and potential alternatives. Tina recommended considering a full inspection and suggested inviting a Vanguard representative to provide further clarification.

Discuss Commission Leadership Code.

President Bishop reminded commissioners to review the leadership handbook. Noting some updates needed.

Discuss Ribbon Cutting/Open House for Service Center.

City Administrator Crawford discussed options for an open house and/or ribbon cutting for the new city building. McGough will donate a plaque and can help with a public event. Department heads agreed the building should be fully moved into before inviting the public, so people can see how the space is used. Because fall projects and weather make a late-year event difficult, most favored holding the open house in spring. A tentative May date was suggested, with flexibility for weather.

Discuss Paving Options for Legacy.

The council discussed paving Legacy development but cannot proceed until deed issues are fixed and a development agreement is in place, with the project estimated at \$360,000 and dependent on the development resolving its legal requirements.

Discuss adding property to ND DWR Buyout List for Permanent Flood Protection.

The commission discussed adding 404 College Street SE to the Department of Water Resources buyout list because increased flood flow modeling shows the property will be impacted, concluding that a future buyout—at assessed value plus 10%—is the most cost-effective mitigation and will be formally addressed at the next meeting.

Department Reports

Sanitation Department: Supervisor Swart reported container counts increased slightly, completed electronics recycling totaling 1,563 pounds, and warrantied damaged residential garbage containers.

Water Department: Water Superintendent Hesch reported water production and usage decreased slightly in August compared to July, though August saw the highest peak daily average. Recent rainfall reduced irrigation demand. The dam is lowering flow due to limited incoming water and the shutdown of Devil's Lake outlets, but the city can still discharge to the river under current conditions. Other than that, no major updates were reported.

Electric Department: Electric Superintendent Senf informed commissioners that in August, the city experienced eight power outages, all caused by squirrels. Work on the 6th Avenue capital project is over halfway complete, and underground cable has been installed at the courthouse, requiring the purchase of new transformers for both the courthouse and the new high school, with costs to be reimbursed. The high school needs its transformer by mid-October, keeping staff busy. Finally, the commission needs to establish an out-of-city large-power rate, which will be addressed at a later meeting.

Fire Department/Blighted & Dangerous Buildings: Fire Chief Magnuson reported 11 calls in August. Upcoming work includes annual maintenance and testing of all trucks, which they aim to complete before October 1.

Police Department: Police Chief Horner reported on monthly call activity and noted officers assisted at Summer Nights event and completed CPR and AED training. Work continues with the Behavioral Health Coalition on housing and transportation needs in the community. With parking regulations starting October 1, remaindered residents for trailer removal and restricted parking hours.

Street Department: Operations Superintendent Klemisch reported steady progress on fall flushing, gravel road work, and sanitary lift station cleaning. Salt-sand mixing is underway, and Midco Diving will clean the city's water towers next week. We are awaiting confirmation on pallet racking for the new shop. The commission also discussed issues with the property at 622 Valley Ave, including access problems and potential structural concerns. The owner offered to sell the lot to the city for \$25,000, and the commission agreed to gather more information and revisit the topic at the next finance meeting.

Administration: City Administrator Crawford reported the team is adjusting some court-related processes, with Kim training to take over recording duties and expected to do well. Chris will leave in December but will help cover during another employee's maternity leave, easing the transition for everyone.

Public Hearing

Open Public Hearing Regarding 2027 Annual City Budget.

Finance Director Klein gave a summary of the 2027 levy and budget, noting that with the 3% cap and new growth, the city can levy a 3.75% increase. The number of mills compared to prior year, will decrease from 72.15 to 71.2, meaning property owners with unchanged valuations will see a slight reduction in the city portion of their tax bill. The city met its required cap, with general fund expenditures increasing only 2.7%, and approximately \$200,000 in property tax relief included in revenues. The budget also maintains the city's 30% cash reserve policy.
Motion to close hearing by Commissioner Magnuson, seconded by Commissioner Kline.

Resolution

Resolution 2538, A Resolution Approving Transfer of Salvaged Bricks for City Heritage Preservation (All Saints' Episcopal Church, 516 Central Avenue North).

City Attorney Martineck reviewed a request related to the former Episcopal Church project, where the owner plans a residential addition while preserving the historic structure. With the demolition of the old laundry building, unused city-owned bricks closely matching the church's original materials can be transferred, requiring a resolution to ensure proper public-purpose compliance. Approval was recommended.
Motion to approve resolution by Commissioner Gulmon, seconded by Commissioner Kline.

Approve Task Order for Environmental Documentation and Design Engineering For 2027 Highway Safety Improvement Project.

City Engineer Petersen reported that the City updated its 2022 safety-funding request to relocate speed feedback signs near the Gaukler Family Wellness Center. This task order is for preliminary and design engineering with a maximum of \$15,500. The project will be funded 90% by the state and 10% locally, with Public Works expected to handle construction. Engineering expense is 100% local funds.

Motion to approve by Commissioner Gulmon, seconded by Commissioner Magnuson.

Roll Call: Erickson-No; Magnuson-Yes; Gulmon-Yes; Kline-Yes; Bishop-Yes Motion Passed

City Administrator’s Report

City Administrator Crawford provided an update on the Service Center, noting that construction is progressing with doors and flooring installed and final finishing work underway. The project remains on schedule and within budget. Plans for a spring open house are being considered, with additional details to be finalized.

City Updates & Commission Reports

Finance Director Klein reminded everyone of A Special Assessment Commission meeting that is scheduled for Tuesday, the 22nd, at 5:15 p.m. The meeting will cover the 2025 seal coat, the 2025 sanitary sewer reline, and the West Main Mill and Overlay project. Notices have been mailed to all affected property owners and published in the newspaper.

Police Chief Horner reminded the Commission that October 1 marks the beginning of snow route parking restrictions, as well as the prohibition of overnight street parking for trailers, campers, and similar vehicles. With September already halfway over, residents are encouraged to begin planning appropriate storage arrangements if they have not done so already.

City Engineer Peterson gave update on the Paving 133 project. The Viking Drive Bridge project will start its water-main work next week, with sidewalk closures and a full bridge closure from September 30 to approximately October 9. Temporary asphalt will be placed for winter, with full bridge construction set to begin in early 2027.

City Engineer Eslinger gave update on the water tower project, with the foundation poured and steel delivery underway. Steel erection is expected this fall, with welding anticipated by year-end or early January, weather permitting. Construction will pause over winter and resume in the spring for cleaning, painting, and final commissioning.

CERTIFICATE OF LIABILITY INSURANCE

DATE (MM/DD/YYYY)
09/29/2026

THIS CERTIFICATE IS ISSUED AS A MATTER OF INFORMATION ONLY AND CONFERS NO RIGHTS UPON THE CERTIFICATE HOLDER. THIS CERTIFICATE DOES NOT AFFIRMATIVELY OR NEGATIVELY AMEND, EXTEND OR ALTER THE COVERAGE AFFORDED BY THE POLICIES BELOW. THIS CERTIFICATE OF INSURANCE DOES NOT CONSTITUTE A CONTRACT BETWEEN THE ISSUING INSURER(S), AUTHORIZED REPRESENTATIVE OR PRODUCER, AND THE CERTIFICATE HOLDER.

IMPORTANT: If the certificate holder is an ADDITIONAL INSURED, the policy(ies) must have ADDITIONAL INSURED provisions or be endorsed. If SUBROGATION IS WAIVED, subject to the terms and conditions of the policy, certain policies may require an endorsement. A statement on this certificate does not confer rights to the certificate holder in lieu of such endorsement(s).

Valley City Planning Commission – August 11, 2026 Agenda

Action Request: Replat

Applicant: Eagles Club, Mike Kohler

Objective: Approve a replat application that will revise property descriptions so that approximately 0.25 acres that is part of the metes and bounds described land owned by the Eagles is combined with Lot 1B of the land owned by Bridgeview, and combine the remainder of the metes and bounds area with Lot 2B

Property Owner: Eagles Club & Bridgeview Estates, Inc.

Legal Description: Lot 1B & 2B Eagles Second Subdivision and Metes and Bounds 22-23 of the City of Valley City, North Dakota

Project Location: The subject parcels are located south of 5th Street NE between 12th Avenue NE and the Sheyenne River (The map below outlines Lot 1B of Eagles Second Subdivision in blue; Lot 2B of the same subdivision is identified right below the eastern area of the subdivision. The metes and bounds area M&B 22-23 for Eagles owned property is below the blue outline area.

Plat Application Analysis: The Bridgeview Assisted Living facility parcels involved in this plat request are zoned R-4 Multi-Family Residential District. The Eagles Club parcel involved this plat is zoned B-2 Highway Business District. The applicant wishes swap some of the Eagles owned property for Lot 2B of the Bridgeview property to allow sufficient land for Bridgeview to build an outdoor amenity on the swapped land which overlooks the Sheyenne River. Note that the transfer of titles for the land swap will have to be completed independently of the plat review and approval process.

The proposed preliminary plat conforms with the applicable zoning district requirements. The following platting requirements need to be met prior to plat submittal to the Board of City Commissioners for final plat approval:

1. A question was raised about the potential need for an easement for a primary electric line to the Eagles building. No other comments have been received from utilities or city departments indicating a need for easements or other changes to the plat.
2. Floodplain and floodway boundaries were not identified.

Findings of Fact:

1. Both lots of the proposed plat are developed and already served by water, sewer, and stormwater management systems.
2. The existing land use is consistent with current zoning.
3. Potentially needed easements for utilities and stormwater conveyance need to be determined and added where determined necessary by city staff.
4. Floodplain and floodway boundaries should be identified on the final plat.

Recommended Motion:

Subject to additional information identified during the public hearing for this plat application, it is recommended that the plat be approved with conditions. A motion to approve the plat application could be worded as follows:

“Based on the findings of fact, and additional information provided at the public hearing, I move to approve the Eagles Nest Addition plat and recommend approval to the Board of City Commissioners with the following conditions.

1. City Engineer confirms all necessary easements and other details pertaining to the plat drawing are correct.
2. Floodplain and floodway boundaries are added as required.
